

# British Psychological Society Level A & B Certificate in Occupational Testing ( 5 Days )

“ Learn how to get the best out of psychometrics and promote best practice with ADUKG ”

## Course benefits

- Choose the right tool for the right application
- Develop your professional feedback and interview skills
- Know how to use psychometrics to target training needs
- Become an expert user in the TalentQ assessment system
- Gain access to industry leading psychometric assessments
- How to map occupational competencies to assessment profiles
- Use psychometrics to improve the accuracy of your hiring decisions

The BPS Level A and B international benchmark for quality in the use of psychometric assessments. Psychometrics are used by all of the Fortune top 500 companies to support their talent management initiatives and have been proven to add great value when used by appropriately trained personnel.

## Level A

Our Level A course provides an introduction to the principles of psychological assessment within organizations and accredits participants to administer, interpret and provide professional feedback on cognitive ability tests within a work context.

### Included in the course schedule:

- Experience using the world class Talent Q 'Elements' ability tests
- How to determine good from bad quality tests, assessing test reliability and validity
- Knowledge of test development and how to apply tests to selection and development systems
- Expert instruction on selecting appropriate tests for a given situation
- Practice the skills required to administer and score tests, understand the results and make decisions based upon them
- How to provide professional feedback to candidates and stakeholders
- Legal compliance and best practice

## Level B

Our level B course provides participants with the understanding and ability to select, administer, interpret and provide feedback on personality assessments within a work context.

### Included in the course schedule:

- Experience using the world class Talent Q 'Dimensions' personality assessment
- The professional and responsible use of personality assessment in organisations
- Instruction on how personality is measured effectively and accurately
- How to apply personality assessment to recruitment, development and teambuilding
- Development of the skills required to assess individuals and teams, score assessments, understand the results and make decisions based upon them
- Providing professional feedback to candidates, clients and stakeholders
- Legal compliance and best practice

## Meet Your Expert Course Trainer

### Nic Cutts C.Psychol, AFBPsS

Nic is a Chartered Occupational Psychologist, the only BPS accredited verifier based in the UAE, and a specialist in psychometric consultancy, training, and best practice.
